

The Office of Continuing Education Presents

Georgia Film Academy Introduction to On-Set Film Production

COURSE OBJECTIVES

The GFA is a unique-in-the-nation, statewide effort which will provide you with:

- Multi-disciplinary training by professionals in the film, TV and new media industries.
- In classroom course work coupled with on-set, hands-on training.
- Opportunity to work on “real world” projects in order to develop recognized film credits, through partnerships with professional productions.
- Hands-on instruction and training working with a package of professional equipment (cameras, sound gear, lights, etc.) as well as production trucks, generators and sound studio space.
- One-on-one job counseling to include resume preparation, job research and job placement outreach.

The Georgia Film Academy certification program is comprised of 18 credit hours specifically designed to provide students with a basic level of on-set film production skills, knowledge and experience with film-industry standard organizational structure, professional equipment, and on-set procedures.

The first course, **Introduction to On-Set Film Production**, combines classroom instruction and hands-on experience with industry-standard equipment. The GFA also offers **Specialty Craft Courses for advanced training in specialized crafts, like Set Construction & Scenic Painting, Lighting & Electric, Grip & Rigging and Post Production/AVID**. Even more specialty courses are in development.

Eligible students may apply for the competitive GFA Film & Television Production Internship course where they learn and hone their craft while working on the crew of a professional production.
